CAREER OBJECTIVE

Seeking a challenging research position at a university where I can utilize my skills in computational biochemistry and further develop my expertise in data analysis and molecular biology. My aim is to develop innovative solutions to address current challenges in biochemistry, with the aim of advancing the field of molecular biology.

EXPERIENCE

August 2017 - January 2019

Mortgage Loan Originator

Quicken Loans, Detroit, MI

- Approved loans within specified limits and referred loan applications outside those limits to management for approval.
- Updated credit and loan files.
- Computed payment schedules.

January 2015 - January 2016

Computer Technician

Synergies Tech, Royal Oak, MI

- Performed software tests to confirm proper functionality and detect errors.
- Performed preventative maintenance to achieve ideal technological operations.
- Repaired network equipment and software, maintaining computer and network equipment in safe and functional operating condition.

EDUCATION

Expected Graduation May 2024

Bachelor Of Science (B.S.) In Biochemistry Candidate

Wayne State University, Detroit, MI

Relevant Coursework

- Biology
- Chemistry
- Computational Science

December 2022

Associate In Arts (A.A.) GPA 3.2

Oakland Community College, Royal Oak, MI

Relevant Coursework

- Physics
- Calculus

Awards & Honors

- ACES Early College Program

SKILLS

- Machine Learning
- Research Paper Writing
- Effective Communication
- Molecular Biology
- Data Analysis
- Web-Based Research
